reflex

To give a new expression and a different meaning to the crystal industrial technology: Reflex was born more than twenty years ago with this ambitious aim.

Gamma international offers a wide range of upholstered leather sofas in many styles, colors and configurations, with particular attention to comfort and quality. All our furniture is handcrafted and made in Italy.

BONALDO

Designed by the best designers, they are then made by our team of experts.

A production process that has been perfected over time, keeping its original values intact: creativity, quality and innovation

DRAENERT

Draenert offer a great selection of quality dining tables and coffee tables from the renowned german furniture designer from Steigwiesen in the south of Germany.

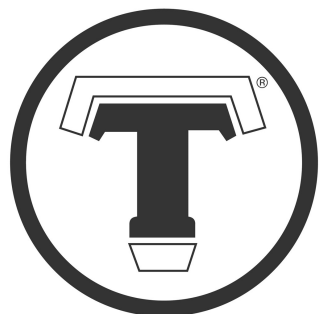

The current physiognomy of Calligaris is born from the union between its artisanal tradition, synonymous with quality, care and Italian style and the industrialization that has made it a leader in the furniture industry.

Tonin Casa It will be as simple, as it can get. Tonin Casa's Contract Section needs projects to be completed, timelines to be respected, a perfect service to be provided, and the Art of interior Architecture, to be displayed. This is what we do. And this is the way we do it.

GRUPPO
TOMASELLA

Tomasella is a company dedicated to the realization of modern and contemporary furniture and accessories , and which balances a solid company history with the propensity towards technological and creative innovation. Innovating, respecting tradition, is the mission of the son, who has been able to guarantee a continuity of thought guiding the family business in the opening of new commercial routes.

KRISTALIA®

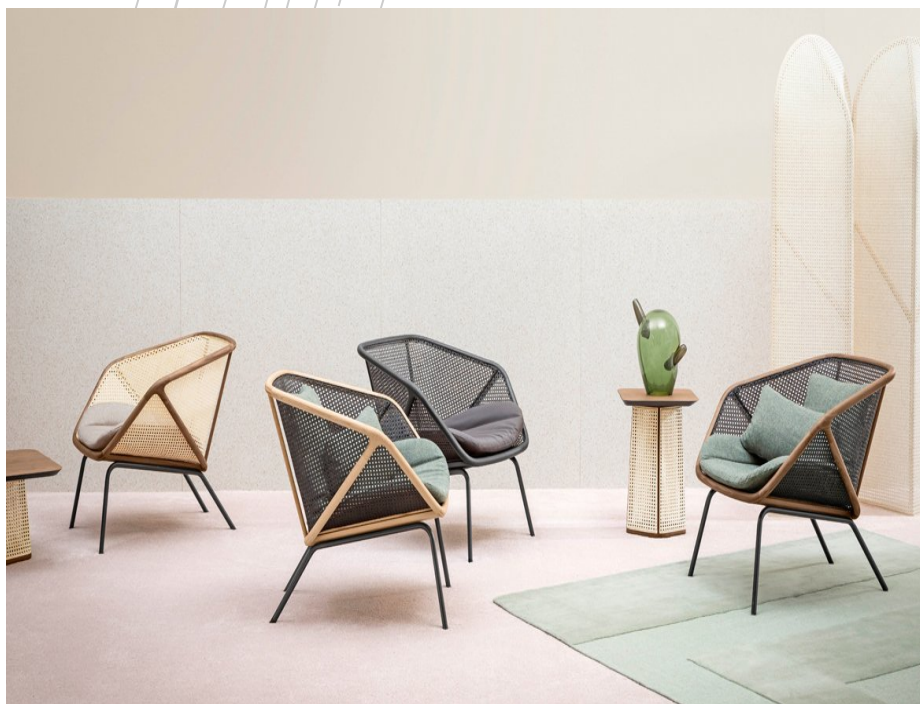

Kristalia strives to minimise the environmental impact of all its activities, from production processes to services. In addition, the company prefers to use renewable materials such as wood or recyclable materials such as glass, steel, polypropylene and aluminium. The latter can be 100% recycled, over and over again, and maintains its qualities of lightness and resistance. uses primary aluminium to ensure the maximum quality and durability of its end products.

miniforms

Miniforms, the champion the uniqueness of craftsmanship. Every day, with commitment and passion, our people product unique objects in which the rigour of design meets the distinctive mark of human work. We use machines to help us, of course; large-scale, hi-tech machinery to keep up with the modern manufacturing process

Zanette is unique for the attention given to quality, aesthetics and technical perfection. With this drive and enthusiasm, a new textile, made-to-measure bed collection was born, to meet the different ideas relative to style, design, manufacturing, whilst maintaining the high quality standards.

MARLIN

Marlin offers home and office solutions that include turnkey projects, design consultancy and quality grading. Marlin showrooms have a uniform-unobtrusive ambiance so that customers can ponder in a relaxed environment with a sense of space, comfort and conviviality.
